

TOPAZ HOCKEY

2015

About TH

We started in 2007 with a small group of friends and one thing in common passion for hockey. Little did we know, we had created something more than just a game of hockey. As we grew in overwhelming numbers we organized the year into a season, playing year round at Topaz Park every Sunday, rain or shine even snow. We purchased a city park permit to guarantee playtime, we set up registration fees for players and drop-in fees, and this was the beginning structure of the mini-league. We also set up a score sheet to track stats, started a stats web page and hosted an annual year end awards ceremony for our players where we hand out trophies and awards. Let's face it we all had dream of going to the NHL however we just didn't get there for whatever reason, so we created Topaz Hockey, our own mini-league. We started to get involved with Five Hole for Food and helped raise food for the Mustard Seed Food Bank. After this event we realized we had an opportunity to use our passion for hockey to also help give back to the community. We continue to promote sportsmanship and respect amongst young adults while we branch out to the local community as we have several events planned throughout the year and have partnered with several organizations and charities right here in Victoria. Please join us to play at Topaz Park every Sunday 1pm-6pm, & follow us on Facebook or Twitter!

- More value in the Full Time. However if you can't make it out a ton, Drop-in might be for you.
- Always an issue with having change.
